ARE DRUGS ALLOWED AT THE WHITE TULIP HOSTEL AMSTERDAM?

Drugs are strictly prohibited at The White Tulip Hostel Amsterdam: The hostel enforces a no-drugs policy, which explicitly bans the use or possession of all drugs—including cannabis, hash, hallucinogens, mushrooms, cocaine, and space cake—on its premises, regardless of Amsterdam's liberal reputation regarding soft drugs[1][2][4][5]. All rooms are non-smoking: The hostel provides a designated smoking terrace; smoking is not permitted in the dorms, bar, or other indoor areas[2][4]. Amsterdam's smoking ban rules and strong enforcement help maintain a healthy, comfortable dormitory experience. Strict house rules reinforce the drug-free environment: Violating the no-drugs policy can result in immediate eviction and loss of payment for your stay[2][4], helping ensure all guests experience a private, safe, and family-friendly environment. Safety and comfort are priority themes in recent policies: Marketing and guest communication emphasize providing a secure, comfortable, and cozy experience for all guests by keeping the environment drug-free[1][4]. The hostel's enhanced 24-hour security team and clear check-in information reinforce a sense of privacy and well-being for backpackers, students, and families. . .
